### Hello Friends,

On November 3, 2024, we opened Tilt and Squint Studio, bright-eyed and bushy-tailed. We were so excited. After a fun-filled winter season, where we shared our space with wonderful people and made such great connections, we prepared for a line up packed with Homeschool Enrichment, Art Clubs, Grown-up Gatherings and Multigenerational Celebrations. Unfortunately, Amanda was diagnosed with breast cancer soon after these grand plans were developed.

Now what?

Good news ~ We are NOT conceding to cancer. [Want to help?](#)

We have chosen to:

- Restructure our business
- Reframe our expectations and
- Remind ourselves of our humanity.

Traditional R&R will be woven into this tapestry, which for us presents as creating art. Hooray!

These Re~ference Pillars will provide us guidance when day-to-day life asks us to Regroup.

Ready. Here's the plan!

## Spring Offerings

Spring is here! Whoo-hoo!

Let the Studio Time commence...  
for a bit.

Through the end of May 2025 we will offer the following:

- ◆ Women's Circle
- ◆ My Kiddo/s and Me ~ Together Time
- ◆ Fiber Arts Club ~ Multigenerational
- ◆ Parent Time Out
- ◆ Senior Gathering
- ◆ Landscapes and Lemonade ~ a Multigenerational Event

Tilt and Squint Studio now has an Etsy shop!

Our first retail plunge will allow us the opportunity to create and share our joy. We will be stocking the "shelves" with

- Handmade Arts: like crochet earrings - [check them out](#) for your spring wardrobe!
- Repurposed and Reimagined Arts: we don't want to buy new supplies, we want to use the plethora we have!
- Arts from the Past: projects we wanted to create over the years and never did!
- Arts to be Present: for example one-of-kind Glimmer Jars and Harmony Branches!
- Arts for the Future: kits for you to create and share!

Our Blog is going live soon! Lovingly coined, "*The Gallery of Musings*", we will be adding posts to this space where we will pause... create ~ learn ~ share. Offering you some time well spent reading our contributions.

## Fall Plans & Beyond

The Studio reopens September 2025!

We will resume our spring Studio Time offerings, making the necessary seasonal changes and add Team Building Workshops to the mix. Plus, gear up for the holidays.

Alas, 2026 will appear and we will take a breath ~ Thankful for 2025 experiences but grateful to move beyond. We would like to circle back to those grand plans we had for 2025 but if we must continue to use our Re~ference Pillars, so be it.

Hope to see you soon. Thank you for sharing your time with us.

## GoFundMe Campaign

In order to do everything we planned and more, we must ask for help. As independent women, this pains us but as women who are reminded of our humanity and the reality of our limitations asking for help seems logical and necessary.

We would love to continue and grow the Studio's presence in the community. While we have additional exciting plans for income we have to recognize the realities of a brick and mortar location, its expenses, and our limitations during this time and humbly tap your humanity for help.

Please visit our GoFundMe, donate if you feel inclined to, and share it with your circle. Every bit helps. Thank you.
